Cut the five story parts apart and match each to the picture where it belongs.

The next day,
it rained so
much that the
water made
puddles on
the streets.

So much rain
fell. The water
flowed down
roads and into
Little Town Pond.

The next day,
the sky was
filled with dark
clouds. A big
storm was
coming soon.

One day, the
sky was blue
and Little Town
Pond was dry.

After the storm,
the sky was blue
and Little Town
Pond was full of
water.
